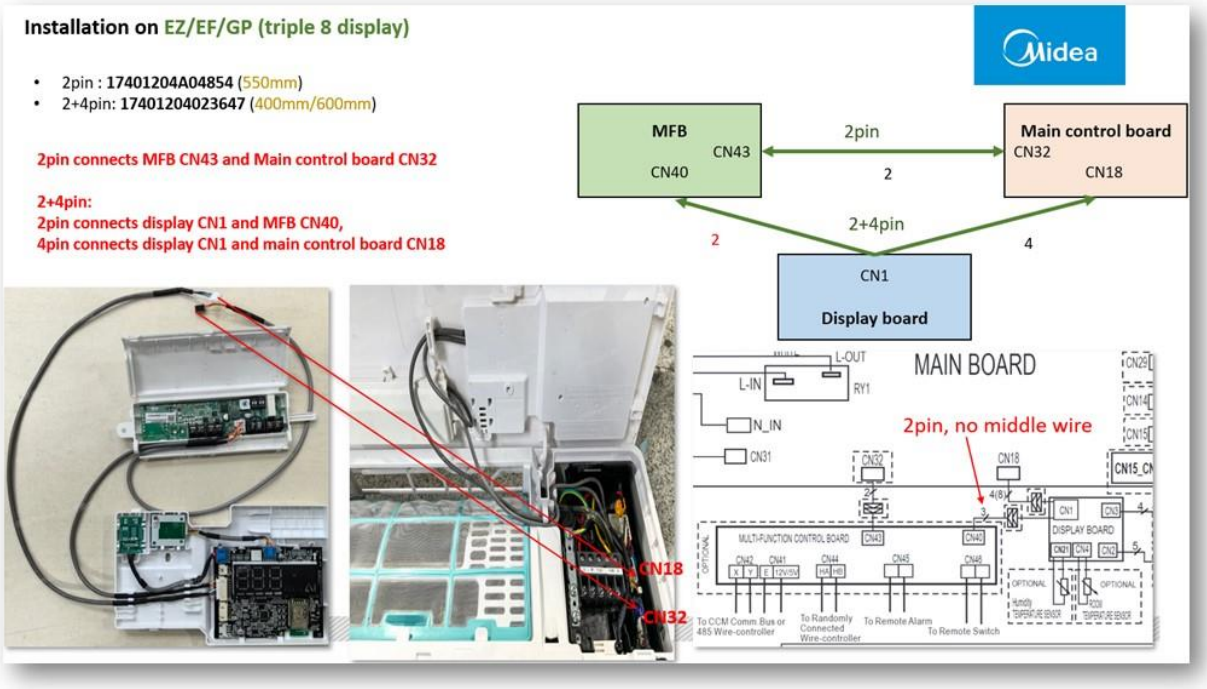
Note: Please don't mix the MFB of E platform and other series (like Xtreme Save) because the connector and circuit design is different, mix using could lead to PCB damage.

EZ/EF/GP MFB kit with XYE: **17222000A73361**
EZ/EF/GP MFB kit with HAHB: **.** 17222000A73699

The wires below for installation are all included in the kit:

Wire list in XYE MFB kit:

- 2pin : **17401204A04854** (550mm) for EZ/EF/GP (triple 8)
- 2+4pin: **17401204023647** (400mm/600mm) for EZ/EF/GP (triple 8)
- 3pin : **17401204A04855** (550mm) for GP (double 8, **not used in your models**)
- 4pin: **17401204A02754** (850mm) for 485 wired controller connection

Wire list in HA/HB MFB kit:


- 2pin : **17401204A04854** (550mm) for EZ/EF/GP (triple 8)
- 2+4pin: **17401204023647** (400mm/600mm) for EZ/EF/GP (triple 8)
- 3pin : **17401204A04855** (550mm) for GP (double 8, **not used in your models**)
